[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

Executive Summary

Rocky Mount Housing Authority's (RMHA) Annual Plan is prepared in accordance with HUD's Preliminary/Draft Guidance on preparation and submission of the PHA Plans for FY 2004 as published July 27, 1999. Staff has made every effort to ensure participation in the Plans from Residents, staff, Board of Commissioners, local government and general government. The major components of the Annual Plan are considered to be the statements relating to Financial Resources, Agency Policies, Rent Determines Policy, Operations and Management and Capital Improvements. The FY 2004 Annual Plan was prepared with the vision of maintaining the highest level of service possible, with limited resources, for the clients served. Primary focus of RMHA during the FY 2004 will be demolition and new construction of the remaining 88 units due to the 1999 flood. New construction for 14 new one-bedroom apartments on Marigold Street has been completed and new construction has begun for 48 single family homes on Springfield Road. A 5H Home Ownership Program has been established. Our primary goal is to pre-sale the 48 single family homes. In addition RMHA is in the process of acquiring thirty-six (36) Vacant Lots to build thirty-six (36) single family homes to replace public housing units loss in the 1999 flood. We are conducting a monthly homeownership meeting to aid in achieving this goal. In addition, RMHA will explore establishing project based Section 8 units, single room occupancy (SRO), issuing bonds and

Section 8 homeownership program. Overall, the FY 2004 Annual Plan was developed to realistically address HUD's regulations as set out in the Housing Act of 1998.

[24 CFR Part 903.7 9 (b)]

List the financial resources that are anticipated to be available to the PHA for the support of Federal public housing and tenant-based Section 8 assistance programs administered by the PHA during the Plan year. Note: the table assumes that Federal public housing or tenant based Section 8 assistance grant funds are expended on eligible purposes; therefore, uses of these funds need not be stated. For other funds, indicate the use for those funds as one of the following categories: public housing operations, public housing capital improvements, public housing safety/security, public housing supportive services, Section 8 tenant-based assistance, Section 8 supportive services or other.

Rocky Mount Housing Authority (RMHA) current funding resources are listed below. It is very difficult to project future use of funds because of the uncertainty of HUD's funding from year to year. However, RMHA will continue to ensure its maximum use in addressing our needs.

2. Activity Description

STATEMENT OF ANY HOMEOW NERSHIP PROGRAM ADMINISTERED BY ROCKY MOUNT HOUSING AUTHORITY

This statement describes steps taken by Rocky Mount Housing Authority (RMHA) to address its homeownership programs.

Over the past years RMHA has made three (3) attempts to create additional p ublic housing units and the third for 202 Elderly housing. None of the three applications were approved.

Within the past two years, RMHA purchased a 3 bedroom single family home under the 203 (k) program and sold it within a four month period. There has not been any attempt to acquire additional 203 (k) units because of funding and man hours to address.

In 1997 RMHA formed a non-profit 501 3 C named South Eastern North Carolina Community Development Corporation (SENCCDC). The primary goal of this corporation is to (1) create affordable housing units and (2) help residents in creating business. Currently SENCCDC has a 2 bedroom home for sale.

Several homeownership workshops have conducted by RMHA and SENCCDC over the past four (5) years. During the FYs 2 001, 2002, and 2003 RMHA has continued to conduct Homebuyers educational workshops.

RMHA is replacing units to be demolished (48) with single family homes. Our intent is to sale all 84 of the homes under the 5H Program to qualified families. RMHA has hired a homeownership administrator to sale the 84 single family homes.

We are developing a Section 8 Homeownership Plan for HUD approval.

RMHA will continue to explore every reasonable means to create ownership opportunities for Residents.

#1 Add: INCOME TARGETING

PHA must admit not less than 40% of new families that have income at or below 30% of the area median incomes. Other admission must be at or below 80% of the area median.

Process for Tracking

The RMHA Occupancy Department will implement the income target by:

- 1. Quarterly identify the incomes (i.e., 30% of area median and not more than 80% of area median) by community.
- Pull monthly from the waiting list based on the same area median incomes.

#2 Add: DECONCENTRATION

The RMHA Policy is to provide for deconcentration of poverty and income mixing by bringing higher income residents into lower income projects and lower income residents into higher projects. The PHA will implement the "skipping" of a family on the waiting list to achieve income mixing goals at targeted developments.

# BATHROOM RENOVATIONS PHASE III:

Phases I and II of Bathroom Removations were completed in 1999 through 2002. Phase III began April 15% 2003 and will be completed by the end of August 2003. Communities NC 19-5; Scattered Sites and NC 19-9; McIntyre Acres (approximately 101 units) is receiving Phase III. This will complete all communities except for NC 19-1; West End Terrace. We plan to complete this community in the near future contingent on approved funding from HUD. These bathroom renovations include new porcelain tub surround and tub, shower addition, water-saver water-closet, cast iron lavatory, new bathroom accessories, ceramic floor tile and ceramic tile wall base. As you can see from the picture below, the renovated bathrooms are very modern and attractive. We have had only positive feed-back from our residents with the result of the propositions. They are extremely pleaseders of the first place of the propositions of the propositions of the proposition of the propositions.

Heating and Air-Conditioning Renovations for the NC 19-3; Weeks Armstrong Community and NC 19-5 (19-6), Scattered Sites Community (approximately 133 units) will begin approximately around mid-July. The over-seeing of this project is by Stogner Architecture, P. A. in Rockingham, NC. These HYAO, Renovations will consist of removal of existing gas furnace and provide a new gas furnace and cooling unit and all related work along with new mechanical rooms where needed. Residents are very excited about receiving the addition of air-conditioners. This was a major desire of residents at previous "Residents' Community Meetings". Rocky Mount Housing Authority is pleased to meet their de-

## OTHER COMMENTS:

The final phase of Kitchen Renovations were completed in September of 2002. This final phase completed all communities with kitchen renovations. These renovations began in 1997.

Installation of New Trance Furnaces And Coils took place in April and May of 2002. This work task consisted of replacing 17 old furnaces with new in the NC 19-5; Scattered Sites Community. Joyner's Heating And Air-Conditioning of Rocky Mount, N.C., completed this work.

We have also performed numerous small projects in designated areas including pressure-washing of buildings, tree removal, ceiling repair/replacements, floor tile replacements, etc.

We begin preparations for 2004 Capital Funds Grant in July of this year with our first Residents' Meeting being for West End Terace Residents on July 2nd with other meetings to 'follow-suit' until September 24th. We will submit our Agentoy Plan and 2004 Capital Funds Grant to HUD on October 15th. Then, we will amxiously await their approval in order to continue to perform improvements to our Public Housing Apartments. Rocky Mount Housing Authority's continued goal is to provide a safe and attractive environment for our residents.

## Tentative Future Projects

Within the next couple of years, we tentatively plan to replace roofs in NC 19-1 and NC 19-3, West End Terrace Communities; install security screen doors in NC 19-4, Weeks Armstrong Community; replace windows in the NC 19-5 Scattered Sites Community, install new heating and air-conditioning units in NC 19-9, McIntyre Acres Community; and install new sewer clean-outs in designated areas

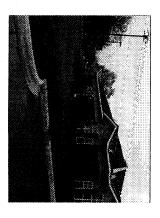

There are many items we wish to perform, but everything is contingent upon HUD's approval of funding.

### CAPITAL FUNDS PROGRAM 2004 ANNUAL SUBMISSION

### RESIDENT PARTNERSHIP

JULY, 2003

### INTRODUCTION:

The objective of the Capital Funds Program is to provide money for Public Housing Authorities (PHA) to:

- Improve the physical conditions of the exterior and interior of the apartments.
   This means we can replace, fix, or change things inside and outside the unit and how it looks on the outside.
- Up-grade the management and operation of existing public housing developments.
   Management improvements are things Housing Authorities can do to improve service and how we operate.

### THE PROCESS:

Part of this process, which is very important, is receiving information from residents concerning what you feel needs improvement in your community. This is your special meeting for your specific community along with your managers to list everything you can think of that needs to be done, inside and outside, adding any new work items residents have thought of from the previous year's list. This will be called your "Preliminary Work List". We will then prioritize all of the work items by a list or numbering system. The preliminary work list will be combined with work items from staff, work-orders, and inspections.

A form for you to list any items that you would like to see done is provided for you. Please turn this form back-in at the end of your special meeting or drop off to your Housing Manager in the next few days (or before the date of the "Advance Meeting".)

After all the communities have been met, the next step in the process is called the "Advance Meeting". During this meeting, you will receive what we call a final list of work items.

Resident Partnership Page Two July, 2003

At the "Advance Meeting", you will have the opportunity to make changes to your final list. This is important because Rocky Mount Housing Authority (RMHA) will take what you have created (your finalized list of work items) and combine them into a draft of the Annual Submission.

The next step in the process involves you also. RMHA will issue a draft of the Annual Submission to the Resident Council Presidents, Resident Management Advisory Board, everyone that has been to any of the meetings, and the Housing Managers' office for residents' review.

The final step in the process is the "Public Hearing". The Board Of Commissioners, RMHA Staff, residents, and the general public will attend. RMHA will present all of the material for your consideration, and anyone wishing to speak will be given the opportunity to do so. This is the last opportunity for you to comment on the draft before it is sent to HUD (Department Of Housing And Urban Development).

That ends the process. RMHA will then proceed with the Annual Submission to HUD for their approval.

I trust this will get you started with your involvement in the CFP Process. If you have any questions and/or comments, please contact Toni Child at 407-1940 or Teresa Rhodes at 407-1941. We encourage you to submit your questions and/or comments in writing for record-keeping purposes. However, your calls are welcome! The RMHA Staff is looking forward to working with you to improve all of our communities.

# WEST END TERRACE (RESIDENTS UNDER THE MANAGEMENT OF TOWANNA CLINTON) COMMUNITY MEETING

### CAPITAL FUNDS PROGRAM 2004

TUESDAY, JULY 22nd, 2003

### HYMAN BATTLE COMMUNITY CENTER 1101 Aycock Street, Rocky Mount, NC

HOUSING AUTHORITY OF THE CITY OF ROCKY MOUNT, NORTH CAROLINA

### M I N U T E S

The meeting began at 5:40 P.M. There were approximately 21 attendees.

Toni Child, Director Of Facilities, greeted and welcomed everyone in attendance; and then introduced Housing Authority Staff that were in attendance.

Toni began the meeting by explaining the reason for the community meetings, the objective of the Capital Funds Program ,and the program process. She explained that this is what we do every year. A hand-out was given to all in attendance explaining this process in writing. She explained that we, the Facilities Department, compile a schedule (from the residents' wishes) of what physical improvements to do to their homes. We have had the same feed-back from residents for the last two to three years such as new kitchens, new bathrooms with showers, new doors, new roofs, central heat and air, etc. A "Residents Wish List" form was distributed to everyone in attendance. Toni urged residents to list any improvements that they would like to see done to their apartment or in their community on this form; and give to their Managers. Again, we compile these wishes together to prepare the "Five-Year Plan". Some improvements verbally requested by residents were central heat and air, storm doors, new floor tile, locks on panel boxes, new light fixtures, gutters, playgrounds, and concrete pads under clotheslines. The items requested the most was the central heat and air. Residents are really eager to receive this improvement. (Some residents addressed items that are actually work-order specifics. Toni asked them to call these items in to the Work-Order Clerk.) Residents that received new kitchens in 1997 have the 'flat-panel cabinets'; whereas the kitchen renovations performed in 1999 and later are 'raised-panel cabinets'. Residents retaining the flat panel cabinets desire to have the raised-panel ones. Toni clarified that these cabinets could not be replaced until their time which could be about 10 years from now.

# WEST END TERRACE COMMUNITY MEETING MINUTES JULY 22ND, 2003 - PAGE TWO -

Some residents requested their bathtub be replaced because they are peeling. If you have one of these - don't worry - your tub will be replaced in the near future - very soon. It is in the plan to do in the next few months.

Next, Toni went over items already in the "Five-Year Plan". Such items are new windows, peeling tubs replaced, electrical panel boxes replaced, new sewer lines/clean-outs, central heat and air, roofs, tile floor (units with black tile), and miscellaneous items such as tree removal.

Toni stressed that the residents please remember that improvements can not be done to all units at the same time. We only get a certain amount of money from HUD; and we can only do as many apartments as the money stretches to.

Then, Toni briefly mentioned the "Home-Ownership Program". She explained that single-family homes (very nice, beautiful homes) are being built now. You can contact Pam Cofield for more information and for the criteria to qualify for these homes. She will help you in any way she can in getting you qualified or point you in the right direction to purchase your own home. If you are interested, please call Ms. Cofield. It's a great investment!

The floor was then turned-over for questions and comments. A resident took the floor and thanked the Housing Authority for all the improvements that they are doing to her home. She is proud of her home, and even prouder each time she receives something new. Another resident seconded that; and further praised the grass cutters for doing an immaculate job to her lawn.

Toni ended the meeting by thanking everyone for coming. Their responses are very important at this time of year for the Capital Funds Plan. And, she asked them to be patient with us when receiving their improvements. Just remember, if you don't get something this year or next year - you will eventually get it. Again, we can only do as much as our allotted money allows.

The "Advance Residents' Meeting" (the last chance to add anything) will be held on Monday, August 11th at 5:30 P.M. here (Hyman Battle Community Center).

With no further questions and/or comments, the meeting was adjourned at 6:45 P.M.

### **MONDAY, JULY 28TH, 2003**

### WEEKS ARMSTRONG COMMUNITY CENTER 116 PINEHURST DRIVE

HOUSING AUTHORITY OF THE CITY OF ROCKY MOUNT, NORTH CAROLINA

### M I N U T E S

The meeting began at 5:35 P.M. There were approximately 11 attendees which includes four Rocky Mount Housing Authority Staff Members.

Larry Russell, Executive Director, greeted and welcomed everyone in attendance. He also introduced Rocky Mount Housing Authority Staff Members in attendance. Next, Mr. Russell began explaining the Capital Funds Program - it's purpose/objective, process, etc. Mr. Russell explained that these meetings are important and necessary. This is just one of the few meetings that we have with our residents; and all of our meetings are open to the General Public including the Public Hearing and Board Of Commissioners' Meeting. He explained that the monies granted by HUD in Capital Funds Grants are used to perform physical improvements to apartments in our communities such as new bathrooms, new kitchens, new roofs, new doors, new windows, beginning stages of central heating and air-conditioning, etc. Mr. Russell asked the attendees if they have received any of these physical improvements yet. They have received some such as new bathrooms and new kitchens. They are happy with them and are ready for central heat and air.

Mr. Russell turned the floor over to Joe Copeland, Maintenance Supervisor; and Teresa Rhodes, Modernization/Maintenance Assistant, whom discussed items presently listed in the "Five-Year Plan". Some of these items are heating and air-conditioning renovations, water and sewer line replacement, window replacement, tub enclosures replacement, tree removal, landscaping, house numbers (on the rear or sides of buildings, as well as, the front), new trash carts, occupied painting, termite treatment, floor tile (black tile) replacement, sidewalk repair, etc. Mr. Russell added that if anyone has black tile that has become cracked, please contact the Maintenance Department. This cracked tile will need to be replaced as soon as possible. You will have to be re-located to another apartment (either temporary or permanent) in order for this tile to be replaced.

Mr. Russell accepted the floor again and discussed, "as you probably know, there is a lot of new construction going up in Weeks Armstrong right now. This is part of the Emergency Disaster Grant that you were informed about the last couple of years at these meetings. Units that were flooded in 1999 have been torn down and some being re-built here in the Weeks Armstrong Community; and others being built on Springfield Road (Whatley Cove). Fourteen apartments were built on Marigold Street known as the "Vivian Lucille Powell Village".

Next, Mr. Russell briefly discussed the "Home-Ownership Program". He briefly deliberated on the nice and beautiful single-family homes being built. If you are interested, please contact Pam Cofield. There are qualifications you have to meet such as: you must be employed, have credit and good credit, etc. Ms. Cofield can explain this in more detail to you. Remember, if you do not qualify today, there are things that you can be working on to qualify you in the future. Also, if you know of anyone else interested in buying a home, have them contact Pam. This is an outstanding opportunity for you!

All residents in attendance seemed quite content with what they already have and will be getting in the future. They had no questions.

Three residents came in late (right when the meeting had been adjourned), so Mr. Russell briefly summarized what they had missed.

After no further questions and/or comments, the meeting was adjourned at 6:32 P.M.

HOUSING AUTHORITY OF THE CITY OF ROCKY MOUNT, NORTH CAROLINA

### MINUTES

The meeting began at 5:40 P.M. with 11 people present; 8 being Rocky Mount Housing Authority Staff Members.

Larry Russell, Executive Director, began the meeting by welcoming everyone in attendance and thanking them for coming. He then asked everyone to introduce themselves.

Next, Mr. Russell explained how the Housing Authority is required by HUD to meet with residents to discuss our "Annual Agency Plan and Capital Funds Grant". We will also be discussing the Authority's "Emergency Disaster Grants" that have been in progress since the flood in 1999. I will discuss the process of Capital Funds Grants and the Authority's Emergency Disaster Grant. The floor will then be turned-over to Toni Child, Director Of Facilities, whom will discuss the actual '2004 Capital Grants Program' being applied for this year. This program is where HUD grants funds to perform physical improvements such as bathroom renovations, kitchen renovations, etc. to the Authority's Public Housing Units.

Mr. Russell began his discussion by giving a brief history of Public Housing; and then moved to discussing the Emergency Disaster Grant. We are in the process of completing another application to HUD-Greensboro requesting funds to complete the Weeks Armstrong Community involved in the flooding. This application consists of 14 units. HUD may or may not approve this application. If they don't, then we will just have to do the best we can with what we have. We had a total of 222 units that were involved in this Emergency Plan. 74 units are presently being re-built im the Weeks Armstrong Community. 14 apartments were built on Marigold Street as the Vivian Lucille Powell Village. 48 single-family homes are presently being built on Springfield Road. These houses are for sale with prices ranging from \$100,000.00 to \$125,000.00 which is a good investment. We have meetings taking place now know as the 'Home-Ownership Program' with Pam Cofield, Coordinator. You will have to meet certain qualifications for this program such as being employed, having good credit, etc. If you do not qualify now, you could qualify in the future by working on these things. Pam Cofield is who you should speak with if you are interested in buying now or trying to buy in the future.

Mr. Russell turned to Toni Child, Director Of Facilities, who explained more about the 14-Units Application. These 14 units are in the NC 19-4 Area of Weeks Armstrong on Hunter Street which were torn down. If approved for funding, we will have to re-build these two and three-bedroom units on land located outside of Weeks Armstrong. We are searching for land. Land is so hard to find in Nash and Edgecombe Counties since the flood.

# ADVANCE COMMUNITY MEETING FOR ALL RESIDENTS MINUTES AUGUST 11TH, 2003 - PAGE TWO -

Mr. Russell asked if anyone had any questions or comments regarding what he has discussed so far. Since there were none for him, he turned the remaining of the meeting over to Toni Child to discuss this year's Capital Funds Application.

At the previous residents' meetings, we asked attendees to let us know of any improvements they wanted to see done to their homes. Mostly everyone wanted the same things such as central heating and air-conditioning, new windows, new floors, etc. And, these items are already included in the "Five-Year Plan", so if you do not already have it - you will be getting it in the future. We are unable to do some requested items such as carpeting. This isn't a priority item. However, you are able to put your own carpet down as long as you do not glue it down. Many residents requested playgrounds and basketball courts for the children. We are presently looking into these items. Some items requested such as new stoves and new refrigerators are going to be replaced only as needed, when they can no longer be repaired, or have met their life cycle.

The "2004 Capital Funds Grant" will be presented during the Public Hearing which will be Wednesday, September 24th at City Hall and open to the general public. Then, it will be presented to the Authority's Board Of Commissioners on Tuesday, October 14th at 4:00 P.M.; and submitted to HUD soon after.

After no further discussion or questions or comments, the meeting was adjourned at 6:22 P.M.

RMHA youth attend Junior Police Academy to learn about police procedures and build relationships with Rocky Mount police officers

On July 28 through August 1, 2003, nine youth from the Rocky Mount Housing Authority (RMHA) attended the Junior Police Academy. Each day began with Basic Training which consisted of a half hour workout session. Youth also participated in classes for eight hours each day. Classes were held on Criminal Law, the Judicial System, Alcohol, Narcotics, Vice Enforcement, Mounted Patrol Techniques, use of Firearms Training and Core Values.

The objectives of the Junior Police Academy are to prevent public misunderstandings about police functions and to build stronger relationships between youth in all communities and the police department. This program, instructed by police officers and held in a safe and fun environment, helps

youth develop positive and solid core values. Through education and awareness, our youth are now well informed and able to influence public opinion on police practices and services.

A graduation

ceremony was held on August 1 in the City Council Chamber. Certificates of Completion were awarded each participant who attended 80% of the Junior Police Academy sessions. Each individual from the RMHA successfully completed the Junior Police Academy program.

Andrea Hendricks, coordinator and youth specialist for the RMHA, states "It has been a very challenging week for all of us. I know this experience has instilled in each and everyone of you a sense of loyalty and respect towards law enforcement officers. I want you all to continue to set realistic goals and follow your dreams because only you can make your goals and dreams become a realisty."

# Is there a future Masters player here? You just never know!

Junior golfers participating in the area golf program say "Thanks a Million!" Make that "Two Million" to USGA (United Stated Golf Association) Steve "Who?", Leilani, Jackie, Mary, David, Judy, Jessica and Michelle for your dedication to our young and upcoming golfers!

Area youth golf teams are made up of youth from Rocky Mount Housing Authority, the Boys & Girls Clubs and Rocky Mount City Parks & Recreation.

#### Junior Golfers Motto

Count all your strokes, play by the rules, enjoy the good shots, forget the bad shots and have fun!

### Planting Seeds for Future Growth "Dreams"

Dreams are more than they seem Sometimes we don't know what they mean A dream is not just a dream to me Read the rest and you will see

Dreams are meant to come true True to me and true to you Don't let no one bring you down or Turn your smile upside down

Like Ashanti says "Dreams are Real"
What you see in your sleep is how you feel
They will come true just wait your time
Always keep your goal in mind.

### ROCKY MOUNT HOUSING AUTHORITY VOLUNTARY CONVERSION INITIAL ASSESSMENT SEPTEMBER 27, 2001

Rocky Mount Housing Authority (RMHA) initial voluntary conversion assessment was done by comparing RMHA; Flat Rents to RMHA current HUD approved Section 8 choice voucher payment standards.

RMHA approved flat rents in 1999 that was based on cost to operate its developments using only Flat Rents. The Flat Rents are:

•	one bedroom -	\$300.00
•	two bedrooms -	\$330.00
•	three bedrooms -	\$363.00
•	four bedrooms -	\$399.00
•	Five hedrooms -	\$439.00

### RMHA's current Section 8 housing choice payment standards are:

•	zero bedroom	\$367.00
•	one bedroom	\$397.00
•	two bedroom	\$482.00
•.	three bedroom	\$639.00
•	four bedroom	\$705.00
•	five bedroom	\$811.00

By conducting the stated comparison, it is concluded:

- 1. Conversion will be more expensive; and
- 2. Conversion will not principally benefit Residents; and
- Conversion would adversely affect the availability of affordable housing in the community.

## HOUSING AUTHORITY OF THE CITY OF ROCKY MOUNT

#### **SECTION 8 PROGRAM**

## 5-YEAR GOALS AND OBJECTIVES FISCAL YEARS 2004 - 2008

#### **AND**

### ANNUAL PLAN FOR FISCAL YEAR 2004

## THE OVERALL PLAN FOR THE SECTION 8 PROGRAM IS DESIGNED TO ACHIEVE FOUR MAJOR GOALS:

- 1. To provide improved living conditions for extremely low, very low, and low income families while maintaining their rent payments at an affordable level.
- 2. To promote freedom of housing choice and spatial deconcentration of lower income and minority families.
- 3. To provide decent, safe, and sanitary housing for eligible participants.
- 4. To provide an incentive to private property owners to rent to lower income families by offering timely housing assistance payments.

1

## THE OVERALL OBJECTIVES FOR THE SECTION 8 PROGRAM ARE AS FOLLOWS:

- We will administer the Section 8 Program in accordance with the RMHA's Section 8 Administrative Plan.
- We will revise the Section 8 Administrative Plan, as needed, to insure compliance with the Department of Housing and Urban Development (HUD) regulations and requirements. The Administrative Plan will be reviewed annually in August for needed revisions. When revisions are made we will submit the revised Administrative Plan to the RMHA Board of Commissioner's for approval and adoption in October of each year.
- We will select families from the waiting list for admission in accordance with the RMHA's policies and order of selection criteria as specified in the Administrative Plan. Each fiscal year we will select a minimum of 75% (percent) of Section 8 new admissions for families whose incomes do not exceed 30% (percent) of the area median income. We will track this by pulling applicants from the waiting list within the income target mix to insure compliance. A report will be generated each month (or as needed) showing applicants pulled from the waiting list, their income, date applicant offered rental assistance, applicant's response and date of lease-up.
- We will assist families with income below 30% of area median (defined as extremely low income), as our highest priority. We will use the Income Limits published annually by HUD.
- We will insure that established local preferences serve the needs of the majority of low income families in our jurisdiction. We have established for our local preferences the repealed federal preferences, all with equal weight. We feel that this serves the needs of a large majority of our extremely-low income families, therefore satisfying our mandatory income targeting of new admissions.
- We will utilize the Request for Tenancy Approval (RFTA) to determine reasonable rent to document rent to owners in the Rental Voucher Program are reasonable based on current rents for comparable unassisted units at the time of initial leases, before increases in rent to owners, and at the HAP contract anniversary if there is a 5% decrease in the published FMR for all families.

- We will insure that third party verification is used to verify reported family income, or document as to why third party was not used. All third party verification or documentation will be placed in the resident files.
- We will use verified information to determine adjusted income, use allowable allowances, and where applicable will use appropriate utility allowances for the unit, to determine the correct gross rent for all families.
   All rent calculation and 50058 information will be placed in the residents file.
- We will review Utility Allowances, at least once each fiscal year, and adjust
  if there has been a change of 10% or more in a utility rate since the last
  revision. Review will be done annually in July and revised if necessary.
  The Utility Allowance Schedule will be presented to the RMHA Board of
  Commissioners for approval and adoption in August of each year for a
  September effective date.
- We will insure units of good quality by inspecting all Section 8 units, at least once annually, for compliance with Housing Quality Standard (HQS) compliance and within no more than thirty (30) calendar days check to make sure all deficiencies were corrected. All initial inspections will be done within the HUD mandated fifteen (15) day's inspection deadline. The fifteen (15) day clock begins after the family submits a Request for Tenancy Approval (RFTA) which is treated as a request for inspection. The RFTA, the initial inspection, and all other inspections will be placed in the residents file.
- We will insure that life-threatening HQS deficiencies be corrected within 24 hours from the date of inspection.
- We will stop housing assistance payments if all HQS deficiencies are not corrected within the RMHA's specified time, to insure that owners and residents maintain units.
- We will insure HQS enforcement by having the Senior Section 8 Housing Specialist (or other qualified person), performs quality control checks each fiscal year, of at least a sample of 5% of the units that represents a cross section of neighborhoods. A HQS Quality Control Check file will be maintained with a sampling of 5% of the units, or documentation if the Senior Section 8 Housing Specialist was present at the initial, annual, and/or special inspection of the unit.
- We will adopt Payment Standards, by unit size, for the Rental Voucher Program at 110% of the fiscal years Fair Market Rents (FMR's), to insure families will be able to locate housing in areas outside areas of poverty. Payment Standards will be revised annually when HUD publishes the new FMR's and presented to the RMHA Board of Commissioners for approval and adoption.

- We will Complete reexaminations for each family at least every 12 months and insure correctness in calculating the family's share of the rent to owner. All recertification and 50058 information will be placed in the residents file. All rental calculations are transmitted electronically to PIC per HUD requirements.
- We will assist the maximum number of eligible families allowed under budget each fiscal year. The Housing Assistance Payment (HAP) Utilization Report is generated by the Finance Department on a monthly bases.
- We will aggressively pursue funds to support additional vouchers and increase our Section 8 budget authority to assist more families. When HUD publishes Notification of Funds Available (NOFA's) annually, we may complete an application for funds that would serve our Agencies needs.
- We will work to encourage participation by owners of affordable quality units outside areas of poverty or minority concentration by referring families to the owners and send updated information on the rental voucher program to area owners/agents upon request and as needed.
- We will provide families with an information packet at voucher briefings that include a list of owners who are willing to lease units that include properties located outside areas of concentration. The owner list is updated as needed and available to the public and all participants upon request.
- We will provide families with an information packet at voucher briefings that include information about portability. Our briefing packet is updated as needed.
- We will insure proper tracking and compliance with the Section 8 Management Assessment Program (SEMAP) certification and strive to obtain highest score over the 5-years. The following reports are generated on a monthly bases by the Section 8 and Finance Department: Housing Assistance Payment (HAP) Pre-list, HAP Accounts Payable Report, Generate Rent, Electric, Gas and Oil Invoices, Expense Distribution Report, Check Edit List, and HAP Utilization Report and serve as a good tool for tracking SEMAP compliance. The resident files, Lindsey Software, and PIC (MTCS) submissions are also used for tracking SEMAP compliance.
- We will strive to maintain FSS partnership to insure our FSS participants have access to all support services needed to assist them in becoming self-sufficient. FSS Partnership is renegotiated in April and renewed in May annually.

- We will strive to enrich the quality of life for our M. S. Hayworth Apartment Complex (Section 8 New Construction for the Elderly and/or Disabled) residents, by promoting activities such as Birthday luncheons, Christmas Party's, social outings, community meetings, and resident surveys.
- We will strive to maintain units of high quality at our M. S. Hayworth Apartment Complex (Section 8 New Construction for the Elderly and/or Disabled) by addressing physical and management needs as they occur to ensure the complex is comparable with the private rental market. All budgeted expenditures are submitted to the trustees and the RMHA Board of Commissioners for approval annually in the Annual Operating Budget.
- We will strive to maintain maximum occupancy at our M. S. Hayworth Apartment Complex (Section 8 New Construction for the Elderly and/or Disabled), by maintaining units of high quality that are comparable with the private rental market. - We will attend continuing education workshops to stay abreast of HUD regulations and program compliance. Workshops will be attended as approved by the RMHA Executive Director and as supported by the annual budget.

### M.S. HAYWORTH PET POLICY

Except as otherwise specifically authorized under this pet policy, this Authority will not prohibit any Resident of its elderly or disabled housing projects from owning common household pets or having such pets living in the Resident's dwelling unit or

Restrict or discriminate against any person in connection with admission to, or the continued occupancy of such housing by reason of the person's ownership of common household pets or the presence of such person's dwelling unit.

#### 1. DEFINITIONS

- A. Common Household pet means a domesticated animal, such as a dog, cat, bird, or rodent (including a rabbit), fish or turtle that is traditionally kept in the home for pleasure rather than for commercial purposes. Common household pet does not include reptiles (except turtles). If this definition conflicts with any applicable State or Local Laws or regulations defining the pets that may be owned or kept in dwelling accommodations, the state or local law or regulation shall apply. This definition shall not include animals that are used to assist the disabled. The pet should not exceed 20lbs.
- Elderly or Disabled Family means a family who is elderly or disabled as defined in Authority's Admissions and Continued Occupancy Policies.
- C. Projects for the Elderly or Disabled means any project assisted under the United States Housing act of 1937 (other than Section 8 or 17 of the Act), including any building within a mixed use project that was designated for occupancy by the elderly or disabled at its inception or, although not so designated, for which the Authority gives preference in Resident selection (with HUD approval) for all units in the project (or for a building in a mixed use (project) to elderly or disabled families).
- D. Authority means the Rocky Mount Housing Authority.

#### 2. RULES GOVERNING THE KEEPING OF PETS

A. Inoculations – The pet owner will have the pet inoculated in accordance with the State and local laws. Proof of these inoculations will be furnished to the Authority upon request and no less than annually.

B. Sanitary Standards – The pet owner shall exercise due care to keep the apartment and common areas sanitary condition. All removal pet wastes shall be removed from the grounds immediately upon deposit by the pet and properly disposed of. All cages, aquariums, litter boxes, etc. will be cleaned on a regular basis and as often as necessary to prevent unsanitary conditions and odors. C. Pet Restraints – All cats and dogs shall be appropriately and effectively restrained and under control of a responsible individual, who is capable of controlling such animal, while on the common areas of the project. No pets will be allowed to run loose upon the grounds.

D. Any pet known to bite or attack will not be permitted on RMHA property. (Pitt Bull dog, Rotweiler, Doberman Pincher, Bull Dog, or any similar dog

is not allowed).

E. Except while the pet is being exercised, the pet is to be kept within the confines of the apartment.

F. The apartment cannot be altered to accommodate, or provide an enclosure for the pet. Fences cannot be erected on the project grounds.

- G. Registration Pet owners are required to apply for and receive a pet permit before the pet is brought on to the project. This permit is to be renewed annually and, if possible, will be renewed during the annual recertification of the Resident's income and family composition. This registration will include:
  - (a) A certificate signed by a licensed veterinarian or a state or local authority empowered to inoculate animals (or designated agent of such an authority) stating that the pet has received all inoculations required by applicable State or local laws.

(b) Information sufficient to identify the pet and to demonstrate that it is a

common household pet, and:

(c) The name, address, and phone number of one or more responsible parties who will care for the pet if the pet owner dies, is incapacitated, or otherwise unable to care for the pet.

(d) The pet owner shall sign an addendum to the lease agreement, incorporating this pet policy into said lease. That lease addendum shall contain the provision that the pet owner agrees to comply with this pet policy and that violation of the pet policy shall be grounds for removal of the pet or termination of the pet owner's tenancy (or both), in accordance with the provisions of the lease, State and local laws.

(e) The authority may refuse to register a pet if the pet is not a common household pet, if the keeping of the pet would violate any applicable house pet rule, if the pet owner fails to provide complete pet registration information or fails to annually update the pet registration, or if the authority reasonably determines, based on the owner's habits and practices that the owner will be unable to keep the pet in compliance with pet rules and other lease obligations. The authority may nor refuse to register a pet based on determination that the pet owner is financially unable to care for the pet or that the pet is inappropriate, based on the therapeutic value to the pet owner or the interest of the property or existing tenants. The pet owner will be notified if the authority refuses to register a pet. The notice shall state the Authority's other Lease provisions. This notice of refusal may be combined with a notice of Lease violation. The pet owner shall have

- the right to a grievance hearing, as stated in the Authority's Lease and Grievance Procedures.
- H. Number of pets The number of four legged warm-blooded animals shall be limited to one (1) pet in dwelling unit. Bird, fish, and turtles shall be limited to the number that can be reasonably kept in one (1) standard cage or aquarium designed for that purpose.
- I. Financial Obligations:
  - (a) If the pet is a cat or dog, the pet owner will be required to pay pet deposit of the equivalent of one (1) month's rent or two hundred dollars (\$200.00) whichever is greater. The pet owner may gradually accumulate this pet deposit by paying the Authority no less than a fifty dollars (\$50.00) deposit and pay ten dollars (\$10.00) per month until the deposit is paid in full. The pet deposit is payable immediately upon approval of the pet permit. This deposit is in addition to the security deposit required by other conditions of the lease. The pet deposit shall be used to pay only reasonable expenses directly attributable to the presence of the pet in the project, including (but not limited to) the cost of repairs and replacement to, and fumigation, of the Resident's dwelling unit. The Authority will refund that unused portion of the pet deposit to the resident within a reasonable time after the resident moves from the project or no longer keeps a pet in the dwelling unit. The pet deposit shall not be used to pay expenses while the pet owner is in possession of a pet.
  - (b) A pet waste removal charge of ten dollars (\$10.00) per occurrence may be assessed a pet owner that fails to remove pet wastes in accordance with the pet rules.
  - (c) Furnigations and pest control measures taken by the Authority directly attributable to the keeping of a pet in the apartment shall be charged to the pet owner, if said pet owner fails to control fleas and other common pests associated with keeping of animals in the apartment. Costs of the same will be billed to the Resident in the amount that it costs the Authority to employ a professional firm for this purpose.

#### J. Standards for Pet Care

(a) No pet shall be left alone for any unreasonable length of time. If the health or safety of a pet is threatened by the death or capacity of the pet owner, or by other factors that render the pet owner unable to care for the pet, the Authority may contact the responsible party or parties listed in the pet registration required under this pet policy. If the responsible party or parties are unwilling or unable to care for the pet, or the Authority despite reasonable efforts has been unable to contact a responsible party or parties, the Authority may contact the appropriate State or local authority (or designated agent of such an authority) and request the removal of the pet. If there is no such State or local authority (or designated agent of such an authority) authorized to remove the pet under these circumstances the authority may enter the pet owner's unit, remove that pet and place that pet in a facility that will provide care and shelter until the pet owner or a representative of the pet owner is able to assume responsibility for the pet, but no, longer than thirty (30) days. The cost of the animal care facility provided under this section shall be borne by the pet owner. If the pet owner (or the pet owner's estate) is unable or unwilling to pay, the cost of the animal care facility may be paid from the pet deposit.

- (b) Pet shall not be allowed to disturb other tenants in the quiet enjoyment of their homes. Pet owners will take adequate precautions to prevent a pet from disturbing other tenants; i.e., barking, howling, loud meowing, scratching, biting, etc.
- (c) Pet owners will be required to take effective flea and other pest control measures with respect to the pet surroundings. Failure to do so will result in termination of the pet permit and the Authority taking pet control measures at the owner's expense.
- It is not permissible to keep pets on the premises that are not owned by the
  resident and that are staying on the premises on a temporary basis. Pets are to
  be kept "temporarily" if they are to be kept in the resident's dwelling
  accommodations for a period of less than fourteen (14) consecutive days and
  nights.
  - This Authority, however, does encourage the use of a visiting pet program sponsored by a humane society or other nonprofit organization.
- 4. This pet policy does not apply to animals that are assisting the disabled. This exclusion applies to animals that reside in the projects for the elderly and disabled, as well as to animals that visit these projects. This authority will not apply or enforce any pet rules developed under this pet policy against individuals with animals that are used to assist the disabled.

Nothing in this pet policy:

Limits or impairs the rights of disabled individuals.

- Authorizes the Authority to limit or impair the rights of the disabled Individuals, or
- (3) Affects any authority that may have to regulate animals that assist the disabled, under Federal, State or local law.
- If there is an applicable State or local law or regulation governing the keeping
  of pets, the pet rules prescribed under this pet policy shall not conflict with
  such law or regulation. If such a conflict may exist, the State or local law or
  regulation shall apply.

Failure of this pet policy to address any State or local law or regulation does not relieve the pet owner from complying with the applicable State or local law.

6. Nothing in this pet policy prohibits the Authority, or an appropriate community authority, from requiring the removal of any pet from a project, if the pet's conduct is duly determined to constitute, under the provisions of State or local law, a nuisance or a threat to the health or safety of other occupants of the project or of other persons in the community where the project is located.

## **CONCLUSION**

The Housing Authority of the City of Rocky Mount (RMHA) has been in existence since 1953. RMHA began using a long and short term planning system in mid-1992. Much of its achievements have been documented in the Annual Reports and HUD Reviews. However, in accordance with QHWRA, a more formal (written) five year and annual plan has been developed. These plans will be updated as needed.

The major components of the plans is actually a management plan which realistically forecasts the fiscal needs, and describes the need for new developments and improvements to the existing buildings.

In the development of these plans, the Board of Commissioners, Department Heads and Staff considered the following:

- 1. Review of current and proposed agency problems and determined those solutions that would have the greatest positive impact over the next five years;
- 2. Examined current regulations and how it would impact what RMHA does in the next five years; and
- 3. Made sure the departmental plans are consistent with Residents' needs and HUD objectives.

The goals and objectives as outlined are acceptable to all parties involved. However, Staff will monitor activities throughout the first year for possible revisions.
